Access Performance

## Internet Access in Primary Residence

Wisconsin, 2020 - 2021 School Year

Select a District 

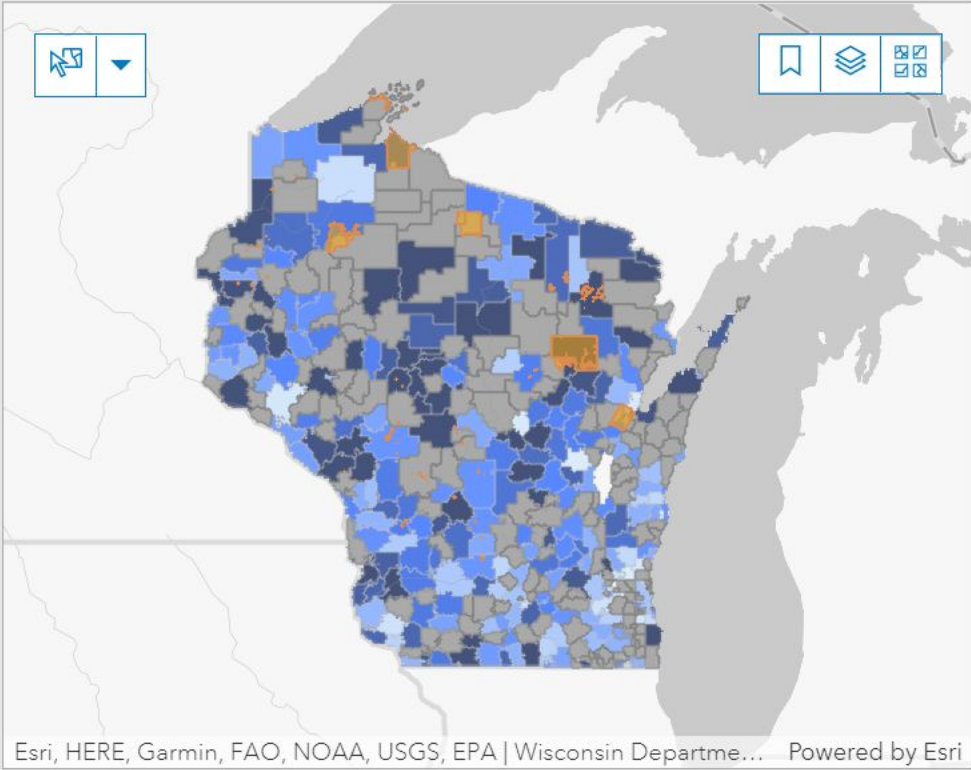

None Selected ▼

### About the Data

This dashboard shows the district breakdown of students without the Internet in their primary residence. Data are current as of **January 19, 2021** and will be updated periodically.

Only districts reporting having students without home internet access will appear in the district list on the right hand side of the page.

Collecting whether students have Internet access at home is part of the [digital equity collection](#), which is intended to collect data to help address inequity in Internet access and virtual learning capabilities. Statewide digital equity data can be found on the [WISEdash Public Portal](#).

out of 421 district

### Percent of Students\* without Home Internet Access by School District

*\* percentages are out of total number of student respondents for survey question on internet access, not total number of students enrolled for that district*

# Internet Service Provider Coverage by Wisconsin School District

Select a school district

Stevens Point Area Public

## Using the dashboard

1. Select a Wisconsin public school district using the dropdown in the upper right corner of the page.

This will cause the map to pan and zoom to the selected district.

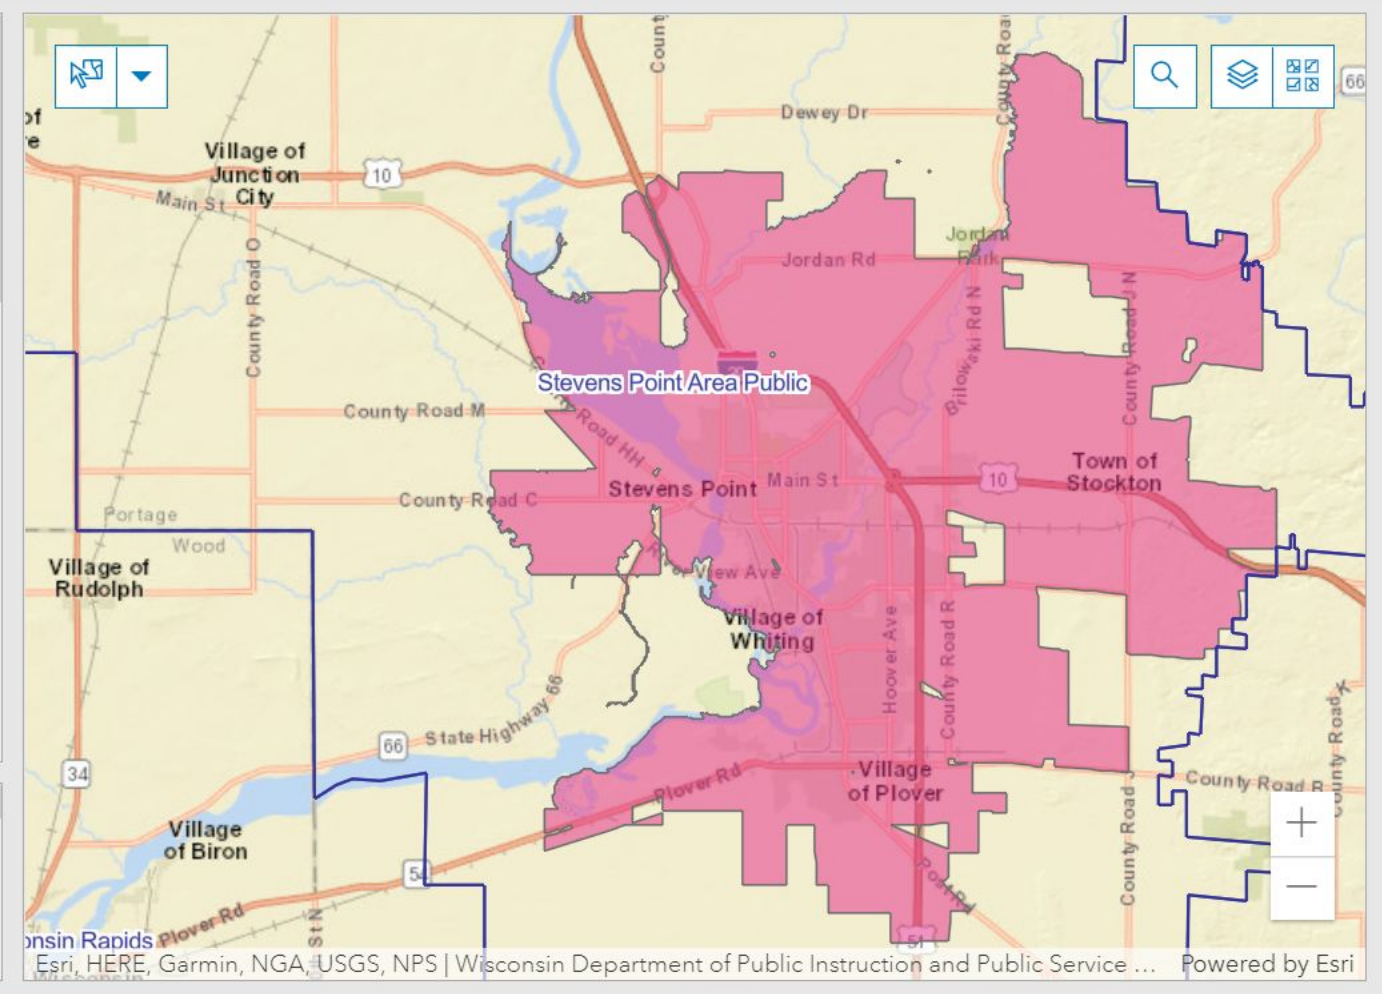

The map will only show Internet Service Providers (ISPs) that cover the territory within the selected district. The list to the right of the map will also filter to show the same information.

Each item will typically have the following information:

**Internet Service Provider**

## About the Data

The maps displays areas of advertised coverage data in Wisconsin. Access data are retrieved from internet providers and the Federal Communications Commission.

## Internet Service Providers (ISP)

- Cellcom (Mobile Wireless)** | Mobile Wireless covers 90.567% of Stevens Point Area Public
- Charter Communications Inc** | Wireline covers 27.238% of Stevens Point Area Public
- Country Wireless** | Fixed Wireless covers 67.967% of Stevens Point Area Public
- HughesNet** | Satellite covers 96.246% of Stevens Point Area Public
- King Street Wireless L.P.**

Number of ISPs

**23**
